

SUPPORTING ORGANIZATIONS

Platform in opposition to the "Larios Plan" in Maro and Nerja (Málaga) values and appreciates the many personal expressions of support received to date and we want to extend them to all kinds of organizations, whether they be social, political, cultural, environmental, educational, agricultural or unions ...

We are contacting you for this reason, as we believe that your organization would support our main objective: stopping the 'Larios Plan'.

We are aware that we are facing great economic and political powers such as the marquesado of Larios, which has the unconditional support of the current council of Nerja, currently governed by the Partido Popular with the support of Vox and Ciudadanos, as well as associations of entrepreneurs and hoteliers in the area who welcome the development of this huge construction project on the agricultural land that Casa Larios owns in Maro, Nerja.

This exceptional area, 200 hectares long with five km of coastline, is partly located in the B.I.C. 'Historic and Picturesque area of Maro', is adjacent both to the coastal Natural Park of the cliffs of Maro-Cerro Gordo and to the Sierra Tejeda and Almijara Natural Park, and is classified as an área of special protection in the current Nerja PGOU. The area has numerous cultural attractions and the remains of the rich architectural and historical heritage accumulated over more than 400 years of uninterrupted agricultural history.

In this special place, the company SALSL Larios intends to make an exclusive 18 hole golf course, 680 luxury single-family homes and several high-class hotels. We know that if this irrational project materializes we would irreversibly lose one of the areas with the greatest cultural, historical and scenic riches of the entire province of Malaga and, possibly, of all Andalusia.

Despite everything, we believe that there is still time to stop it, which is why we are approaching your organization to ask for your support for our Manifesto:

If you wish to support us, you can do so by writing an email to:
<mailto:otromaroynerjaesposible@gmail.com> and your signature will appear next to the list of other organizations.

We hope to be able to count on your support.
Greetings and ... see you soon!

The Communication Group for the citizen's platform 'Another Maro and Nerja is possible'
